EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Marvin Beekman on 10/6/03.

The application has been amended as follows:

In claim 1, line 4, change "nitride" to - - nitrogen - -.

2. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims is the inclusion of the feature of an integrated circuit comprising an electrode formed of chemically vapor deposited tungsten nitride wherein the tungsten nitride includes silicon and is formed using a gas comprising nitrogen, tungsten and silicon which is not anticipated nor rendered obvious over the prior art of record. It has been disclosed by the applicant that the addition of silane or other silicon-based gas reduces encroachment into any silicon based materials exposed to the tungsten nitride, improves adhesion of the tungsten nitride to its underlying layer, and reduces the bulk resistivity of the tungsten nitride (page 7 lines 1-5). Thus, the addition of the silicon-based gas directly affects the deposited layer and differentiates it from other devices.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ginette Peralta whose telephone number is (703) 305-7722. The examiner can normally be reached on Monday to Friday 8:00 AM- 5:30 PM.
